DATASHEET

INTRODUCTION

opera it is a remote control with a revolutionary design, both ergonomic and minimalist. Thanks to the bi-directional communication, **opera** is not limited to the possibility to activate up to 7 different scenarios, but also to deliver in any moment the system status (arm, away and stay) visualized by one of the 3 LEDs positioned on the upper part. The activation of any scenario is confirmed both visually (through the relevant LED) and by means of a vibra-motor device. The panic function could be also activated by a prolonged pressing of each of the 4 bottoms (or 7 Functions). The implementation of a complex encryption algorithm guarantees a superior Security level and contemporary allows the utilization of the same remote control's device even with different installations (e.g. main residence and sea cottage).

opera is available in the 4 Ksenia institutional colors, i.e. White, Red, Grey and Black.
